

Town of Yucca Valley

2009 – 2010 Proposed Law Enforcement Grant Comments

The town of Yucca Valley and the San Bernardino County Sheriff's Department, Morongo Basin Station, is seeking grant funding for OHV enforcement and education through the California Department of Parks & Recreation, Off-Highway Motor Vehicle Recreation Division (OHMVR). These grant funds will be used for the enforcement of laws related to illegal Off-Highway Vehicle (OHV) operation and rider / public education. A draft copy of the proposed OHV enforcement grant is available for public review at the website listed below.

Written comments from the community are an important part of the OHV grant application process. Please include your name, address and other requested information and your written support or opposition to this request. Please include any information or ideas that you believe may help to improve the grant. Comments forms to the Morongo Basin Sheriff's Station to the attention of Sergeant Porter. Public comment forms must be received no later than April 1, 2010, to ensure inclusion with the grant.

Public comments relating to this grant can also be posted on the OHMVR website at:

I Support Ordinance 3973

We need the Law enforced
Without the means to enforce the law
It's worth less

It is crucial that we have enforcement
This community is not livable with off roaders
running wild. And that is what we would
have w/out law enforcement dollars.

We need officers to enforce the law. If we do not have help we become the "wild west" with people ~~terrorizing~~ terrorizing citizens. Then it escalates to reprisals. We need law and order. It's part of a civilized nation.

The staging portion works.
Before this, it was absolute
chaos! Do not weaken it!!

Please keep ordinance intact!
I'm still having trouble to get
OHV's illegally parked around. There
should be a stricter ordinance!

Keep ordinance intact!

We need more enforcement in our community.
We now have an ordinance that limits
ORV abuse. The ordinance is of limited effect
without enforcement dollars + manpower + equipment.

There should be set aside areas such as Johnson Vally OHV require permits for all offroad use.

Perhaps with the large and significant acreage impacted by offroad vehicles the county should consider an environmental impact assessment and report.

The desert is a fragile environment containing endangered species such as the desert tortoise that technically is protected by law. OHV use destroys tortoise burrows, as well as tortoise habitat and sometimes the destruction of the tortoises either inadvertently or through harassment or run over.

Off road riders should be educated through the permitting process to minimize negative impacts to the environment and to the community.

I SUPPORT THE INCREASED FUNDING OF OHV ENFORCEMENT
ACROSS THE MORONGO BASIN

THE EXISTING ORDANCE WORKS VERY WELL
KEEP IT!

WHEN THE ORDANCE WAS PASSED THE PROBLEM
WITH ORV'S DISAPPEARED
